LED Perfectio X Skin Rejuvenation by Zero Gravity

Technology to deliver precise dosages of energy to produce collagen fibers and elastins, while gently erasing signs of aging to all three layers of skin.

(Recommended 2 times per week for one month, followed by one month of weekly treatments)

\$75 for 2 treatments per week first month (Includes full facial every week during the treatment period)

\$60 for 1 treatment per week for the second month (Includes facial every week during the treatment period)

NEW HYDRO FACIAL—

\$120— A hydrogen facial is a non-invasive resurfacing treatment that utilizes hydrogen and plasma ions to deep cleanse and restore water within your skin's layers. It uses a highly advanced machine that can clear and rehydrate the skin from within. It is a 4 step process and can be done in 90 minutes or less.

SKIN CARE QUESTIONNAIRE

1. What type of skin do you have

- Dry Normal Normal to Dry Oily Sensitive
 Acne Prone Rosacea or other skin inflammation

2. Do you wear sunscreen regularly when outdoors? Yes No Sometimes

3. Do you currently use skin care products? Yes No

What type of products do you use if yes?

4. Are you prone to breakouts? Yes No

5. Do you wear cosmetics such as foundation, blush, powder, etc ?

- Yes, Always Yes, but only occasionally Never

6. By accepting this skin care class what results are you wanting to see?

I understand that any products that are used on the skin could cause a reaction such as reddening of the skin, dry patches, or other irritations. In almost all cases, this is very uncommon. However, I will not hold my skin care specialist or 1st Impressions Salon liable for any irritation that could occur. Furthermore, if opting to use the Zero Gravity LED light treatment, I understand there could be reddening of the skin following treatments and results are not guaranteed.
